Our idea for Anabel's Mobile Kitchen was created in 2014 by our then 6-year-old daughter, Anabel.

For months she had been creating menus and pricing options for everything from lemonade stands to a home-based restaurant. As parents, we wanted to encourage this entrepreneurial spark in her.

Ultimately, we wanted her to know that whatever her heart dreamed was possible to achieve with hard work and dedication; thus the birth of Anabel's Mobile Kitchen.

AMK's mission is to use locally grown produce and a savory blend of herbs and spices to provide delicious and hearty multiethnic food at a reasonable price.
